BRADLEY, Ill., Mar 2, 2022 — The Ashley Ramos Campaign issued the following statement in solidarity with the hardworking Illinois taxpayers abused for decades by the corrupt political system in our state controlled by the Democrat Party.

“It is with optimism we are finally seeing justice after decades of blatant, in our face political corruption in our state stemming from the former Democrat Party leader Michael Madigan, who not only used his elected office as Precinct Committeeman and State Rep, but also in his long held capacity as Speaker of the House to peddle influence, enrich his law business in the loop, and reward his party friends. It is with deep regret that we the people of the state have had to pay the price for his alleged racketeering.

Illinois Policy estimated that public corruption in our state costs taxpayers about \$556.0 million per year (from 2000-2018) as high levels of corruption damage to the state’s economy costing us in the billions since 2000. This culture of corruption has contributed to the mass exodus, impaired our economic growth, and discouraged investment in our state. Homeowners also have paid a heavy price for these political racketeers!

Knowing that the Democrat Party Leader Michael Madigan leveraged his political power to drive donors to his pockets and his party, we believe it is in the best interest that the Democrat Party members of Illinois immediately donate ALL FUNDS they have received from Madigan while in office to a special fund set up for the taxpayers of our state who paid the price for the Democrat party’s systemic racket! This includes the current Democrat Party leader Rep. Robin Kelly, who has benefited widely through several re-elections the last few terms and in close alliance with Michael Madigan himself. Rep. Kelly should immediately assess the total amount she has taken from the Madigan Party slush fund and immediately donate it back to a state fund benefiting taxpayers,” according to Ashley Ramos, Republican candidate for U.S. Congress opposing Rep. Kelly this year for the Illinois 2nd Congressional district.

Under Rep. Kelly, the successor of Michael Madigan, the new leader of the Democrat Party, she approved the latest gerrymandered map of Illinois that was unveiled by her party after closed door sessions using unknown data, before the Census data was disclosed. To learn more about this corruption she approved, please review this video that her party was featured in partaking. <https://youtu.be/uxx5faV4XF4>
